

## Cable ties with double locking system 2-lock 2.5x100 white

Internal Reference: 1203

combines the highest resistance value with the lowest insertion force, redefining a higher-performance standard

applications (indoors only): marine plants, chemical industry, food industry (smooth collar = less bacteria), general industry

for outdoor applications: see 2-LOCK(TM) black collar

material: polyamide 6.6, cage and two tabs in 316 stainless steel

operating temperatures: -40°C to +85°C

installation temperatures: -40°C to +60°C

moisture absorption: 2.7% (50% relative humidity)

flame resistance: UL 94 class V2

IEC EN 62275 compliant

resealable bag of 100 pcs

## Characteristics

|              |        |                    |               |
|--------------|--------|--------------------|---------------|
| Length       | 100 mm | Width              | 2.5 mm        |
| Color        | blanc  | Qty                | 100/15000 pcs |
| Diameter Max | 21 mm  | Tensile resistance | 180 N         |
