

Detectable cable tie 200 x 3,5 blue

Internal Reference: 5214DTE

Having magnetic characteristics, this cable tie can be detected by a metal detector or by X-rays.

This is necessary according to the HACCP standards which envisage maximum safety and the absolute absence of contamination in the field of production of food, drink and medicine. The blue color aids in visual inspection. This cable tie cannot come into contact with food.

polyamide 6.6 + iron oxide

tightening can be done by hand or with the dedicated tool (item 5401 or 5400C)

temperature range: -40°C to +85°C

halogen-free

complies with CEI EN 62275

fire resistance: UL 94 class HB

Characteristics

Length	200 mm	Width	3.5 mm
Color	bleu	Qty	100/7000 pcs
Diameter Max	50 mm	Tensile resistance	180 N
