

Ruban isolant Autoext. Teco 15mm x 0.18mm x 20m BLEU

Internal Reference: NI04BL

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: -18 to +90°C

Self-extinguishing

Characteristics

Length	20 m	Width	15 mm
Color	bleu	Thickness	0.18 mm
