

Ruban isolant Autoext. Teco 25mm x 0.18mm x 20m NOIR

Internal Reference: NI08N

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: -18 to +90°C

Self-extinguishing

Characteristics

Length	20 mm	Width	25 mm
Color	noir	Thickness	0.18 mm
