

Ruban isolant Autoext. Teco 50mm x 0.18mm x 20m NOIR

Internal Reference: NI09N

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: -18 to +90°C

Self-extinguishing

Characteristics

Length	20 m	Width	50 mm
Color	noir	Thickness	0.18 mm
