

Self-extinguishing insulating tape Teco 15mm x 0.15mm x 10m WHITE

Internal Reference: NI14BI

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: 0 to +90°C

Self-extinguishing

Characteristics

Length	10 mm	Width	15 mm
Color	blanc	Thickness	0.15 mm
