

## Self-extinguishing insulating tape Teco 15mm x 0.15mm x 10m RED

Internal Reference: NI14R

Adhesive PVC insulating fabric

For electrical insulation and mechanical protection in domestic and professional applications

Suitable for use in extreme conditions (very low or very high temperatures, high mechanical stress)

Good resistance to acids, bases and atmospheric conditions

Temperature range: 0 to +90°C

Self-extinguishing

### Characteristics

Length	10 mm	Width	15 mm
Color	rouge	Thickness	0.15 mm
